# Welcome to the **NEW NORMAL**

A Control4 Smart Home coordinates the technology in your life into complete, brilliant experiences—interactions that fit your lifestyle and are easy for your family to enjoy. With one touch, dim the lights, play music, turn up the heat, lock the doors and arm the security system. Or, have your house respond to your schedule and needs without touching anything at all.

There are many smart devices available today—TVs, thermostats, door locks, even light bulbs that you can control with your smartphone. These devices operate just fine on their own, but when they are joined together and played in orchestration—well, that's a symphony of technology working in true harmony.

Control4 coordinates virtually all the connected devices in your home to create a personalized experience with solutions that maximize your comfort, convenience, entertainment and peace of mind. And with the help of an independent certified Control4 Dealer, it's easy to update and adapt your home to your changing needs today and in the future.

Welcome to a smarter living experience.

We call it the *New Normal*.

*Touch Screens are an elegant way to browse your movie library and make it easy to start video from any room.*

## Simplified Multi-Room Video

A new trend in home entertainment is to distribute video throughout the house so that you can enjoy beautiful, high-definition content in every room without adding clunky gear and wiring behind each TV. With multi-room video, everyone can enjoy the same movie or watch what they want, wherever they want.

Share your entire movie library, streaming video and satellite channels throughout the home—no need for set-top boxes and multiple video sources in every room. Consolidate all of your audio and video equipment into a closet, creating a clutter-free installation, while delivering superior sound, stunning video and an incredible experience in every room.

- **Browse your movie library and video streaming services** like Netflix, Hulu and Amazon Fire from any TV, touch screen or mobile device—anywhere in the house.
- **Watch sports in the den, the news in the kitchen and kids movies in the family room.** Each room has access to every video source and an intuitive, on-screen interface makes it easy to select the right one.
- **Instantly share new content as your library expands** or you add video sources throughout the home.

# SMART LIGHTING

Smart lighting brings elegance,  
ambiance, convenience and energy  
efficiency to your whole home.

# SMART LIGHTING THAT'S BRILLIANT

Inside Your Home  
& Out in the Yard

## Elegant and Efficient Lighting

Smart lighting is one of the biggest opportunities for you to subtly, but effectively, influence the ambiance of your home and complement the aesthetics of its decor.

You can turn on the entire room—or multiple rooms—with a single light switch, and ramp and dim illumination to whatever level you desire. And if you don't care for the banks of switches on your wall, your lighting controls can be centralized elsewhere, such as in a closet, to avoid distracting from the style of your home.

Smart lighting is both beautiful and energy efficient. Your lighting automatically turns on when you need the light, but turns itself off when no one is in the room.

- **Have the lights in the house turn on automatically** to welcome you home.
- **Use motion sensors** to provide hands-free illumination.
- **Program the lights to shut off automatically** when a room is unoccupied.
- **Use keypads to trigger more than just lights**, including music, shade control, and energy settings—with a touch of a button.
- **Illuminate the hallway lights automatically** for safe entry, as soon as you enter the garage.
- **Have your outdoor lighting turn off in the morning**, and turn on as the sun goes down.
- **Make your home sophisticated** enough to appear to be occupied even when you're away.

*It's easy to raise or dim any light in the room—or entire house—right from a touch screen.*

*Configurable keypads are personalized for your home and can create any mood or ambiance with one touch.*

# COMFORT & CONVENIENCE

Enjoy a consistently comfortable and inviting home that automatically responds to your life and maximizes energy savings.

# COMFORTABLE & INVITING

Climate Control That's  
Smart & Energy Efficient

*The Control4 Wireless Thermostat has more than 50 years of climate control experience inside, and is built specifically for home automation.*

*Personalized comfort settings can be recalled with just a few taps on your phone.*

## Smart, Comfortable and Convenient

Being comfortable encompasses more than just adjusting the temperature. Control humidity levels, automate shades, power on the hot tub on your way home, and program your entire house for maximum energy efficiency. Control4 works with the world's leading brands, so it's easy to integrate your automation system with radiant flooring, forced air, dual fuel and geothermal systems.

- **Wireless thermostats maintain consistent temperature** and humidity control, regardless of the time of day or season.
- **Enjoy personalized comfort settings** that can be recalled on a schedule or with just a few taps on your phone or touch screen.
- **Pool and spa controls make it easy** to turn on the heat, set the temperature or crank the jets instantly, right from your smartphone.
- **Fireplace sensors are easily controlled** from any device within the home. Press the customized "Romance" button and enjoy.
- **Program your window shades** to lower during the hottest hours of the day, saving on air conditioning costs.
- **Automate your sprinklers** and lawn systems to respond to weather conditions.

# CONVENIENT COMMUNICATION

Inside Your Home

## High-Definition Video Intercom

Whether you want to see who is at the front door, check in on your sleeping baby or call everyone to the table for dinner, it's simple and convenient with video intercom.

With an incredibly fast connection speed and high-definition clarity, all of this functionality is automatically enabled on every touch screen in a Control4 Smart Home.

- **Replace your doorbell with an elegant Door Station** to see who is at the door without getting off the couch.
- **Get a complete view of the front porch** with alternate camera views.
- **Call any touch screen within your home**, whether to check in on the kids or bring everyone together.

*Enjoy fast, full-screen picture and high-quality audio from every touch screen.*

*Door Stations let you see who's at the front door, and multiple cameras provide complete views of the porch.*

# SAFETY & SECURITY

Intelligent security gives you peace of mind knowing your family is safe and secure.

# PEACE OF MIND

While Home Or Away

*4Sight with Anywhere Access puts your home at your fingertips from anywhere.*

## Safe and Secure

Make your home more secure by integrating your lights, locks, security systems, video cameras and digital recorders with your Control4 automation system. And with the Control4 4Sight™ app, you can check on your home anytime and anywhere, right from your smartphone.

- **Lock every door and arm the alarm**, all with a single touch.
- **Check on the kids**, whether you are downstairs or downtown.
- **View the video feeds from your security cameras.**
- **Receive a text alert** when the system senses trouble, including water leaks or to simply let you know the kids arrived home from school.
- **Assign temporary security codes** for deliveries and service workers.
- **Randomize lights and audio/video equipment** to make it look like you are home, even when you're not.

*Sensors aren't just for security. They can automate lighting and comfort products, too.*

# Products

## Interfaces

Your Control4 Smart Home will most likely rely on a variety of interfaces, each one designed for simple and easy access to the features you use most. It may be as simple as a remote control for your audio/video experience, a touch screen to browse your movies and music, a keypad that replaces many different light switches, or your mobile device or tablet while you're in the back yard or away from your home.

## Platform

You can consider the Control4 controllers the brain, or even the operating system, of your smart home. They manage your entire home automation system in the background, allowing the devices in your home to work together—from lighting and security to music and video, and pretty much anything else in between.

## 4Sight™ with Anywhere Access

4Sight provides secure mobile access to your home while you're away. 4Sight lets you monitor your cameras, lock the doors, adjust the temperature, close the garage door, and even turn on lights to welcome you home. Available on Android and iOS smartphones and tablets.

## Entertainment

Control4 amplifiers, audio and video matrix switches, system remotes and the Wireless Music Bridge deliver exceptional entertainment experiences in your home. We integrate with leading brands such as Sonos, Apple TV, Roku and so much more, ensuring your automation system works with the products you already have and love.

## Smart Lighting

Whether for a new home or upgrading an existing home, Control4 lighting dimmers and switches are elegant and energy efficient, and with a variety of colors and finishes, they complement the decor of any home.

## Comfort and Convenience

The Control4™ Wireless Thermostat consistently delivers the right level of comfort in your home, and your Control4 Dealer can integrate shades, pool and spa control, and fireplace switches to bring a new level of comfort to your smart home.

Door Stations, available in a variety of finishes, keep you connected with guests at the front door or entry gate.

## Safety and Security

By integrating with the leading brands in security cameras NVRs, smart locks and sensors, you can monitor your house 24x7 and be notified immediately if a door opens, the water heater leaks or if you left the garage door open.
